DETAILED ACTION

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application. See attached Notice of Draftsperson's Patent Drawing Review. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Morishita on 12/8/06.

The application has been amended as follows:

Applicant's Abstract is replaced with the following:

remains in play and the come out number becomes the point number. Outcome numbers are randomly selected until the outcome number is either 7, in which case the player loses the point bet, or the point number, in which case the player is rewarded. Place bet wagers are provided subsequent to the selection of the come out number on the numbers 5, 6, 8, or 9 (excluding 4 and 10). During the selection of the outcome number, if the outcome number 7 is selected, players lose any place bet wagers, and if the outcome number is the place bet number, the player is rewarded.
